

Course Description Form

Review the performance of higher education institutions ((review of the academic program))

Course Description

This course description provides a summary of the essential characteristics of the course and the learning outcomes expected of the student, proving whether they have made the most of the available learning opportunities. It must be linked to the program description.

1. Educational institution	Faculty of Physical Education and Sports Sciences
2. University Department / Center	
3. Course Name/Code	Football/
4. Programs in which he enters	Physical Education and Sports Sciences
5. Available Attendance Forms	Full time daily
6. Semester / Year	First and second / 2023-2024
7. Number of Credit Hours (Total)	2 hours per week
8. The history of prep and the rationale of this description	2024
9. Course Objectives	
<p>One of the objectives of teaching football for the fourth stage is to prepare students for knowledge of the events of the basics of football through training and refereeing, as well as analysis and physical fitness, as well as for their entry into Asian training courses shortly because the priority in entering courses is for students of physical education and sports sciences.</p>	
<p>On the other hand, there are good traits in many students when they take information and thus become leaders in the future by entering clubs, institutions, sub-federations, and central.</p>	
<p>, Future students are the nucleus of building high-level coaches through academic scientific knowledge, and this is a critical motivation they have to train clubs and institutions in age groups and, on the other hand, when teaching the science of coaching in the field of football by identifying the essential components of football.</p>	
<p>Now in the recent period, the introduction of technology in football through the use of mouse technology is essential to identify among students how to use, as well as the use of GPS devices to determine the level of physical fitness, and this is in the interest of the game through the use of mathematical equations in calculating the .required stress, as well as direct analysis of physical and tactical performance</p>	

10. Learning outcomes and teaching, learning, and assessment methods

A- Knowledge and understanding

- Higher understanding of football .1
- Developing students' physical and skill abilities .2
- How to know students to train physical and skill qualities and abilities .3
- Preparing physical tests and how to perform them according to scientific foundations .4
- Students' knowledge of the football law and the latest amendments to it .5
- How to quantitative and numerical analysis .6
- Dealing with sports media .7

B - Subject-specific skills

- Contribute to how to rehabilitate injuries and how to prevent them .1
- Debugging .2
- The use of modern devices and tools in practical exercises .3
- The use of modern means in theoretical lectures .4
- Analysis and interpretation of information .5

Teaching and learning methods

- Practical applications in the use of the entire football field .1**
- Discussions and exchange of opinions on all topics raised .2**
- Discovering highly skilled athletes .3**
- Interpretation of football law through special considerations .4**

Evaluation methods

- .Daily tests with multiple-choice questions for subjects -
- Participation grades for students' challenging competition questions.
- Setting grades for assigned homework.

...C - thinking skills

Presenting viewing cases and arbitration cases according to technical and administrative sanctions considerations and how to use these considerations .through negligence, recklessness, excessive force, and starting feedback

- d. General and transferable skills (other skills related to employability and .(personal development
- .D1- Time management to achieve the maximum benefit and the best return
- D2- Using practical communication skills and working together to activate processes .related to the sports field
- D3- Using methods and procedures to collect, build, and analyze databases using the .computer
- D4- Writing and presenting reports and memoranda using modern communication and .technology

D5- Active participation in professional gatherings of local and national physical education and the wider educational field

D6- Practicing continuous learning and self-learning in the sports field and life in general

.D7- Leading individuals to achieve the desired goals

D8- Knowledge of one of the foreign languages to activate the work environment when needed.

11. Course Structure					
The week	Hours	Required Learning Outcomes	Name of the unit/course or topic	Method of education	Evaluation method
1	2	Learn & Train	Physical, health, and psychological tests	Built-in presence	Practical, theoretical exam
2	2	Learn & Train	Skill and planning tests	Built-in presence	Theoretical. Practical.
3	2	Learn & Train	Selection. Junior Training	Built-in presence	Theoretical. Practical.
4	2	Learn & Train	Training Curriculum (Annual Phased, (Weekly, Daily	Built-in presence	Theoretical. Practical.
5	2	Learn & Train	Psychological and mental preparation	Built-in presence	Theoretical. Practical.
6	2	Learn & Train	How to use various technology	Built-in presence	Theoretical. Practical
7	2	Learn & Train	Analysis and exploration	Built-in presence	theoretical. Practical
8	2	Learn & Train	Match Management	Built-in presence	theoretical. Practical
9	2	Learn & Train	Commentators of the articles of the football law	Built-in presence	theoretical. Practical
10	2	Learn & Train	Offside Material No. 11	Built-in presence	theoretical. Practical
11	2	Learn & Train	Errors and Misconduct 12	Built-in presence	Theoretical. Practical.
12	2	Learn & Train	Application to perform free kicks	Built-in presence	theoretical. Practical
13	2	Learn & Train	General Preparatory Training Unit Form	Built-in presence	Theoretical. Practical.
14	2	Learn & Train	Special Preparation Training Unit Form	Built-in presence	Theoretical. Practical.
15	2	Learn & Train	.Training methods	Built-in presence	Theoretical. Practical.
16	2	Learn & Train	Exercise method to develop physical qualities	Built-in presence	Theoretical. Practical.
	2		Exercise method	Built-in	Theoretical.

17		Learn & Train	to develop basic skills	presence	Practical.
18	2	Learn & Train	Exercises for the development of goalkeepers	Built-in presence	Theoretical. Practical.
19	2	Learn & Train	Defensive and offensive planning exercises	Built-in presence	Theoretical. Practical.
20	2	Learn & Train	Scoring exercises	Built-in presence	Theoretical. Practical.
21	2	Learn & Train	Complex training methods	Built-in presence	theoretical. Practical
22	2	Learn & Train	Method of training selected areas	Built-in presence	Theoretical. Practical.
23,	2	Learn & Train	.Training methods	Built-in presence	Theoretical. Practical.
24	2,	Learn & Train	Football Plans	Built-in presence	Theoretical. Practical.
25	2	Learn & Train	Training field and assistive devices	Built-in presence	theoretical. Practical
26	2	Learn & Train	A game that teaches him to correct mistakes	Built-in presence	theoretical. Practical
27	2	Learn & Train	Nutrition for football players	Built-in presence	theoretical. Practical
28	2	Learn & Train	Practical application of penalty kicks	Built-in presence	theoretical. Practical
29	2	Learn & Train	Positions and movements in set pieces	Built-in presence	theoretical. Practical
30	2	Learn & Train	Training unit model for age groups	Built-in presence	theoretical. Practical

12. Infrastructure	
<ul style="list-style-type: none"> ▪ Basic texts ▪ Course Books ▪ Other 	<p>Zuhair Al-Khashab and Others Football 1998 .1 2. International Football Law 2024 3. Lectures of accredited Asian courses 4. Iraqi Football Association Technical Committee 5. The official website of the International and Asian Federation</p>
Special requirements (including,	Practical applications of how referees move on

e.g., workshops, periodicals, software, websites)	the field through reading, positioning, and visual communication with the referees and the fourth referee
Social services (e.g., guest lectures, vocational training, and field studies)	Qualitative lectures on professional league .1 clubs in football law 2. Lectures on Diwaniyah Club in the Premier League in football law 3. lectures on the physical aspect of clubs and institutions in the province

13. Acceptance	
Prerequisites	There isn't any
Minimum number of students	150
The most significant number of students	250
